Gaston School District Guiding Statement

Guiding
All
Students
Towards
Opportunities
Necessary for success

Gaston School District Essential Questions

1. What do our students need to know?
2. How will they learn it?
3. How will we know if they learn it?
4. What will we do if they haven’t learned it?
5. What will we do if they already know it?

Gaston School District Long Term Goals

(Goals will be rewritten during the 2015-2016 school year)

1. Continue to improve curriculum and learning options to prepare students to meet graduation requirements, improve state scores, and improve the graduation rate.

2. Building and grounds will be maintained and improved to provide a safe, quality learning environment for students and staff.

3. Technology advancements will be integrated into the instructional and administrative process to improve all aspects of our programs and services.

4. The district will continue to work with local neighboring school districts, the NWRESD, and other governmental agencies to maximize our resources for our student’s benefits.

5. Maintain a safe welcome environment which permits a healthy, positive school climate.

Admission to District Extra-Curricular Activities

Staff members designated by the principal with responsibility at extracurricular activities are admitted free of charge. All other staff members attending district extracurricular activities are assessed the uniform district admission rate, as established by the Board.

Animals in District Facilities

The district recognizes that under the proper conditions animals can be an effective teaching aid. In order to protect both children and animals the following guidelines are adopted for use in all facilities in the district:

1. Permission must be obtained from the principal before animals are brought into the facility.
2. The only animals allowed to be housed in a classroom must be for a specific and appropriate educational purpose and shall be allowed for the amount of time necessary to achieve the educational goal.
3. All animals must be in good physical condition and vaccinated against transmittable diseases.
4. Special consideration should be given to the effect of furred and feathered animals on allergic children, before bringing the animals into the classroom.
5. The teacher will be responsible for the proper control of animals brought to school for instructional purposes, including effective protection of children when animals are in the school. This will include keeping the animal in an appropriate cage or container that prevents contact with fecal matter.
6. No animals are to be allowed to run freely in the classrooms, food areas or activity areas.
7. No poisonous animals shall be brought into the school.

The principal shall be advised of any animals to be housed in the classroom. At the principal's discretion, permission to keep the animal may be denied based on these considerations: (1) the purpose for the animal's presence; (2) the ability of the teacher to control the animal; and (3) the past practice in the classroom.

Permission is to be obtained from the principal before animals are brought into the school. Animals must be adequately cared for and appropriately secured. Only the teacher or students designated by the teacher are to handle the animals.

If animals are to be kept in the classroom on days when classes are not in session, arrangements must be made for their care.

Animals may not be transported on a school bus except as permitted by MidCo.

Animals serving persons with disabilities would be an exception to this policy.
Classroom Security

When leaving the classroom, locker room or other work areas between classes or at the end of the day, teachers are expected to turn out the lights and secure all doors. Windows should also be secured at day's end.

Staff is asked to refrain from keeping personal items of value in or about their desks. Purses should never be left unsecured. Students should be instructed to leave valuables at home. The district will not be responsible for the loss of, or damage to, personal property due to such causes as fire, theft, accident or vandalism.

Exterior doors must remain locked and closed at all times during school hours, except for exit and entrance into the building.

Community Use of Buildings

The building is open to community groups during the week and weekends for approved use when such use does not interfere with district programs. Contact the building secretaries for building use applications or see Forms Appendix.

As classrooms may be scheduled outside regular building hours, all staff are encouraged to leave their rooms in order, and to secure personal items. The district is not responsible for personal items left on district property.

Conference Affiliation

The district's high school is a member of the Oregon School Activities Association (OSAA) and participates in recognized activities in the Northwest League with schools comprised of comparable enrollments and activity programs.

Junior High Athletic Director: Maddy Anderson
High School Athletic Director: Mike Morey

Conference schools include: Knappa, Vernonia, City Christian, Life Christian, Faith Bible, Nestucca, Delphian, Neah-Kah-Nie, and Gaston.

The high school participates in the following OSAA-recognized activities: football, volleyball, boys’ and girls’ basketball, track, baseball, OHSET, softball, band, choir and student council. During summer months and other times during the school year when school is not in session, the office is open between the hours of 8:00 a.m. and 5:00 p.m. Monday through Thursday unless otherwise noted.

Hours

The school buildings are accessible to staff weekdays, during the course of the school year between the hours of 7:30 a.m. and 4:00 p.m. Staff members requiring access at other times, including weekends may do so by contacting their building principal for key checkout procedures.

During summer and other times during the school year when school is not in session, the buildings are open for staff access.

Safety Committee

A centralized safety committee has been established to help implement the district’s safety program and as a part of any ongoing effort to help ensure the safety and health of student, staff and others while on district property.

The centralized safety committee meets monthly and conducts workplace safety inspections monthly to locate and identify safety and health hazards and makes recommendations for corrections as needed. All significant safety-related incidents are investigated to help prevent similar events from reoccurring.

All potential hazards are to be reported immediately to a safety committee member or to the office.
Absences

Staff members unable to report to work for any reason must request a substitute through the EMS Sub-finder system as soon as possible to ensure that appropriate substitute arrangements may be made. Substitutes are assigned on a daily basis unless a longer duration is specified.

Use of personal day(s) and professional day(s) must be pre-approved by the building principal in writing and documentation must be attached to the staff member’s time card.

In order to facilitate continuity during absences, staff members unable to return to their duties the following day should request a substitute through EMS and contact their school principal by 2:00 p.m.

Staff members may, at the time of the reported absence, request a particular substitute. Requests that a particular substitute not be called may be made in advance through your school principal only. Final decisions regarding substitute use or nonuse will be made by the district.

Substitute coverage for absences during work hours due to illness or emergency will be arranged as needed upon notification to the principal.

Paid and unpaid leaves are provided in accordance with collective bargaining agreements, established Board policy and federal and state law. A staff member with no remaining paid leave time must notify and get approval from the building principal and attach the communication to their time card.

Abuse of a Child Reporting

All staff will be required to participate in annual training in the prevention and identification of abuse of a child and the obligations of reporting.

Any staff member who has reasonable cause or reasonable suspicion to believe that any child under 18 years of age with whom the employee has come in contact has suffered abuse or neglect, by any adult or by a student with whom the employee is in contact has abused a child, shall immediately orally report to the Oregon Department of Human Services, Community Human Services, or local law enforcement agency. The principal, supervisor or superintendent is also to be immediately informed. In the event the designated person is the suspected abuser, the Board chair shall receive the report of abuse.

Written documentation of this report must be completed and submitted to the principal or superintendent. Forms are available in the office and in the Forms Appendix.
Oregon law recognizes these types of abuse:

1. Physical;
2. Neglect;
3. Mental injury;
4. Threat of harm;
5. Sexual abuse or sexual exploitation.

Failure to report a suspected abuse of a child or to comply with the confidentiality of records requirements is a violation punishable by law and by district disciplinary action up to and including dismissal.

A staff member who, based on reasonable grounds, participates in the good faith making of a abuse of a child report shall have immunity from any liability, civil or criminal, that might otherwise be incurred or imposed as provided by law. A substantiated report of abuse by an employee shall be documented in the employee’s personnel file.

Intentionally making a false report of abuse of a child is a Class A violation.

Breaks

Scheduled breaks are provided to all nonexempt employees to ensure safety, efficiency and to meet the requirements of law. All classified staff members who work 4 or more consecutive hours are entitled to one 10 minute break. Those working 8 hour days are entitled to two 10 minute breaks.

Nonexempt (e.g. includes some confidential) employees are expected to adhere to the break schedule established by the principal. Deviation from the regularly scheduled break period requires prior supervisor approval.

Care/Use of District Property

All staff members are encouraged to exercise continuous and vigilant care of all district-owned property. Such items as computer and video equipment, and musical instruments are priority items for theft and damage.

Incidents of theft of willful destruction of district property through vandalism or malicious mischief should be reported immediately to the principal.

Certain district-owned equipment may be checked out by staff and district patrons. Such equipment may not be used for personal financial gain or avoidance of personal financial loss.

In the event of loss or damage, a fee will be assessed by the district according to the repair or replacement costs.
Cash In District Buildings

Money collected by staff as a result of fund raisers or other school-related purposes is to be deposited in the office, whenever the sum accumulated in any one day by a class, staff member or others exceeds $25. At no time are substantial amounts of money to be kept overnight or held during holidays or for long periods of time in classrooms.

Staff members are asked to emphasize to students the importance of promptly depositing money collected with appropriate school officials.

Additionally, employee use of district-owned computers may be permitted only when such use does not violate the provisions of ORS 244.040 and use is under the same terms and conditions that access is provided to the general public under the district’s policy governing use of district equipment and materials.

Staff who violate Board policy or administrative regulations, including general system user prohibitions, shall be subject to discipline up to and including dismissal. Violations of law will be reported to law enforcement and violations of applicable Teacher Standards and Practices Commission (TSPC). Use of district equipment or software for unauthorized purposes is strictly prohibited. To maintain system integrity, monitor network etiquette and ensure that those authorized to use the district’s system are in compliance with Board policy, administrative regulations and law, school administrators may routinely review user files and communications.

Files and other information, including email, sent or received, generated or stored on district servers are not private and may be subject to monitoring. By using the district’s system, individuals consent to have that use monitored by authorized district personnel. The district reserves the right to access and disclose, as appropriate, all information and data contained on district computers and district-owned email systems.

The Board may enter into agreements that provide for a shorter probationary period of not less than one year for teachers who have satisfied the three-year probationary period in another Oregon school district.
Upon recommendation of the superintendent, the Board may extend a contract teacher’s employment for a new two-year term by providing written notice to the teacher no later than March 15 of the first year of the contract. Length/Purpose of Leave

Employees eligible for FMLA leave under federal law and/or OFLA leave under state law are entitled to take 12 work weeks of leave within a 12-month period for the:

1. Birth of the employee’s child (eligibility expires 12 months after the birth);
2. Placement of a child for adoption or foster care when the child is under 18, or older than 18 if incapable of self-care (eligibility expires 12 months after placement);
3. Care of a family member with a serious health condition;
4. The staff member’s own serious health condition;
5. Eligible employees may take FMLA leave for qualifying exigency while the employee’s spouse, son, daughter or parent is on covered active duty or called to covered active duty status during the deployment with Armed Forces to a foreign country (CFR sections 825.126(a)(1 and 2); Federal Register Vol. 78, No. 25, Page 8917);
6. Injured Service Member Leave, allows an employee leave to care for a covered service member who is the employee’s spouse, son, daughter, parent or next of kin who has been injured in the line of duty as a member of the Armed Forces;
7. State law allows employees to take leave for the care of a sick or injured child who requires home care but is not suffering from a serious health condition. The district is not required to grant leave for routine medical or dental appointments;
8. State law allows employees to take leave for the death of a family member to attend the funeral or alternative to a funeral of the family member, make arrangements necessitated by the death of the family member or to grieve the death of a family member;
9. Military Family Leave, allows leave for a spouse of domestic partner of a military personnel per each deployment of the spouse or domestic partner when the spouse or domestic partner has either been notified of an impending call to active duty, has been ordered to active duty or has been deployed or on leave from deployment (OFLA).

Contact Chrissy Jarvis for additional information regarding length of leave, intermittent leave and alternative duty under state and federal law and provisions governing two family members eligible for FMLA or OFLA leave.

A serious health condition is defined differently under federal and state law. Contact the district office for details.
Contact Chrissy Jarvis for additional information regarding the Military Family Leave Act (MFLA)/Oregon Military Family Leave Act (OMFLA).

Calculating the 12-Month Period for Leave

The district will use the same method for calculating the 12-month period in which the 12 workweek FMLA and OFLA leave entitlement occurs for all employees. The district will use the 12-month period measured forward from the date the employee’s leave begins.

Leaves to care for covered service members has its own 12-month year beginning on the first day of leave regardless of the district’s method of calculating the 12-month period for leave.

Paid/Unpaid Leave

Family leave under federal law is generally unpaid. Under state law, employees are entitled to access any accrued paid leave including paid sick leave for any OFLA qualifying event. Contact Chrissy Jarvis for information regarding accessing any accrued paid leave for a qualifying event.

The district will notify the employee that the requested leave has been designated as FMLA and/or OFLA leave and, if required by the district, that accrued paid leave shall be used during the leave period. Such notification will be given to the employee prior to the commencement of the leave or within two working days of the employee’s notice of an unanticipated or emergency leave.

When the district does not have sufficient information to make a determination of whether the leave qualifies as FMLA or OFLA leave, the district will provide the required notice promptly when the information is available but no later than two working days after the district has received the information. Oral notices will be confirmed in writing no later than the subsequent payday.

Application

Staff members requesting FMLA and/or OFLA leave shall submit to the district a written request (See Board policy GCBDA/GDBDA-AR for application) at least 30 days prior to the anticipated leave date if the leave is foreseeable based on planned medical treatment. The notice shall include the anticipated starting and ending dates of the requested leave and an explanation of the need for the leave. Staff members are expected to schedule treatment, including intermittent leave and reduced hours, so as to not unduly disrupt the operation of the district.

If advance notice of FMLA leave, under federal law, is not possible, for example due to a change in circumstances or medical emergency, notice must be given as soon as practicable. “As soon as practicable” means at least oral notification within one or two business days of when the leave becomes known to the employee.

Failure to provide the required notice for FMLA leave may result in the district delaying the staff member’s leave for up to 30 days after the notice is ultimately given.
If advance notice of OFLA leave is not possible due to unanticipated or emergency leave situation, oral or written notice is required within 24 hours. The district realizes that there may be circumstances when it is not possible to provide a 24-hour notice. Therefore, the staff member may designate a family member or friend to notify the district during that period of time.

In either case, proper documentation must be submitted within three working days of the employee’s return to work.

Failure to provide the required notice for OFLA leave may result in the district deducting up to three weeks from the staff member’s leave period.

Medical Certification

If the staff member provides 30 or more days’ notice when applying for FMLA and/or OFLA leave, he/she may be required to provide medical documentation when appropriate to support the request for leave. The district will provide written notification to employees of this requirement within three working days of the staff member’s request for leave. If the staff member provides less than 30 days’ notice, he/she is required to submit such medical certification no later than 15 calendar days after receipt of the district’s notification that medical certification is required.

Under federal law, a second medical opinion at the district’s expense may be required whenever the district has reason to doubt the validity of the initial medical opinion. The health care provider may be selected by the district. The health care provider shall not be an individual employed by the district on a regular basis. Should the first and second medical certifications differ, a third opinion may be required. The district and the employee will mutually agree on the selection of the health care provider for a third medical certification. The third opinion will be final. Second and third opinions and the actual travel expenses for a staff member to obtain such opinions will be paid for by the district.

Under state law, the district may require a second opinion and designate the health care provider. Should the two opinions conflict, the district may require a third opinion and that the two providers designate the third health care provider. The third opinion will be final. Second and third opinions and the actual travel expenses for a staff member to obtain such opinion will be paid for by the district.

If the leave is for the purpose of an employee’s own serious health condition, he/she may also be required to provide a fitness-for-duty medical release from the health care provider before returning to work.

The district may require a staff member using OFLA leave to care for a sick child to provide medical certification after the use of more than three days of such leave in a one-year period. The will pay the cost of the medical certification not covered by insurance or other benefit plans.
Continuation of Health Insurance Benefits

Under federal law, group health insurance benefits and premium payments must be continued on the same basis as coverage would have been provided and premiums paid in the absence of the leave. The district will continue to pay the district’s contribution toward the employee’s premium. The employee will continue to pay the employee’s share of premiums, if any. A 30-day grace period will be allowed for receipt of employee contributions. The district’s obligation to maintain the employee’s benefits will cease if the employee’s contribution is more than 30 days late. The district will provide written notice that the premium payment is more than 30 calendar days late. Such notice will be provided within 15 calendar days before coverage is to cease.

Return to Work

Following an FMLA or OFLA leave, a staff member is generally entitled to be returned to his/her former position or to an equivalent job with equivalent benefits, pay and other terms and conditions of employment, with certain exceptions. See Chrissy Jarvis for details of this or any other provision of FMLA or OFLA leave.

Grievances

See collective bargaining agreement regarding grievances.

HBV*/Bloodborne Pathogens Training and Immunization

Staff members designated as primary first-aid providers, or who may otherwise incur occupational exposure to blood or other potentially infectious materials in conjunction with their assigned duties as determined by the district, will receive appropriate information and training as follows:

1. At the time of initial assignment to tasks where occupational exposure may take place;
2. At least annually thereafter and within one year of their previous training;
3. When changes such as modification of tasks or procedures or new tasks or procedures affect the staff member’s occupational exposure.

Additionally, HBV vaccination and vaccination series will be made available after training and within 10 days of initial assignment to all staff that have been identified by the district as having occupational exposure. Report any occupational exposure to bloodborne pathogens to the principal. Following a report of an exposure incident, the district will immediately make available to the exposed staff member a confidential post-exposure evaluation and follow-up.

Employees who use medical sharps in the performance of their duties (e.g., administering injectable medicines to students, such as epinephrine and glucagon) will annually be provided an opportunity to identify, evaluate and select engineering and work practice controls (e.g., sharps disposal containers, self-sheathing needles, safer medical devices, such as sharps injury protections and needleless systems). The district will implement such work practice controls, as appropriate.
Health Insurance Portability and Accountability Act (HIPAA)

The district will safeguard the protected health information of employees from use or disclosure that may violate standards and implementation specifications to the extent required by law.

“Protected health information” means individually identifiable health information that is:
1. Transmitted by electronic media;
2. Maintained in electronic media;
3. Transmitted or maintained in any other form or medium.

The electronic exchange of financial and administrative transactions related to an individual’s protected health information will meet the requirements of HIPAA, including national standards for transactions designed to ensure the security of health information created or received by the district.

Individuals with questions about how medical information may be used and disclosed and how to get access to this information, or with complaints about district compliance with HIPAA, should contact the district office.

Identification Badges

To help ensure the protection of staff and students and reduce the possibilities of theft, vandalism and loss of district property, all district employees shall be issued and wear identification badges when on district property.

1. Identification badges are the property of the district for use by district employees. Any employee who duplicates or lends his/her identification badge will be subject to disciplinary action;
2. All identification badges are to be worn in plain sight when the employee is engaged in the performance of district duties while on district property;
3. A report of a lost or stolen badge must be made to the appropriate administrator immediately;
4. An identification card lost, stolen or damaged due to circumstances beyond the employee’s control will be replaced by the district at no cost to the employee. Other replacement costs will be charged to the employee;
5. The district will not disclose the identification badge or card of an employee without the written consent of the employee if:
   a. The badge or card contains the photograph of the employee;
   b. The badge or card was prepared solely for internal use by the district to identify employees.

The district will not disclose a duplicate of the photography used on the badge or card.
Infection Control Procedures

Appropriate hygienic and sanitation practices have been established by the district as follows:

1. Standard precautions are to be followed at all times. Standard precautions require the assumption that staff and students approach infection control as if all direct contact with human blood and body fluids is known to be infectious for HIV**, HBV and/or bloodborne pathogens;
2. Whenever possible, students would be directed to care for their own minor bleeding injury. This includes encouraging students to apply their own band-aids. If assistance is required, band-aids may be applied after removal of gloves if care giver will not come into contact with blood or wound drainage;
3. Food and Drug Administration (FDA) approved gloves are required for all tasks in which an individual may come into contact with blood or other potentially infectious materials. Such tasks include cleaning body fluid spills, emptying trash cans, handling sharps/containers, handling contaminated broken glass, cleaning contaminated equipment and handling contaminated laundry/clothing. This also includes assisting with any minor wound care, treating bloody noses, handling clothes soiled by incontinence, diaper changing and cleaning up vomit;
4. Immediate, complete and effective hand washing with soap and running water of at least 30 seconds duration should follow any first aid or health care given a student or contact with potentially infectious materials;
5. If exposure to blood or other potentially infectious materials occurs through coughing, any first-aid procedure or through an open sore or break in the skin, thorough washing, preferably with germicidal soap, is necessary;
6. In the event hand-washing facilities are not readily available, thorough cleaning using an antiseptic cleanser and clean cloth/paper towels or antiseptic towelettes provided by the district as an alternate is necessary. In the event alternatives are used, hands must be washed with soap and water as soon as feasible;
7. Contaminated work surfaces shall be decontaminated with an appropriate disinfectant after completion of procedures; immediately or as soon as feasible when surfaces are overtly contaminated or after any spill of blood or other potentially infectious materials; and at the end of the work shift if the surface may have become contaminated since the last cleaning. Clean surfaces with soap and water and then rinse with an Environmental Protection Agency (EPA) approved disinfectant*** following labeling instructions for use, or a freshly-made solution of one part bleach to nine parts water, and allow to air dry. These surfaces include equipment, counters, mats (including those used in physical education classes and athletic events), toys or changing tables;
8. An EPA-approved disinfectant must be used when cleaning fluids such as blood or vomit from the floor or other such contaminated surfaces;
9. Contaminated laundry such as clothing and towels must be places and transported in bags and containers in accordance with the district’s standard precautions. All such items must be laundered in hot or cold water and soap and placed in a dryer;
10. Needles, syringes, broken glassware and other sharp objects found on district property must not be picked up by students at any time, nor by staff without appropriate puncture-proof gloves or mechanical device such as a broom, brush and dust pan.
11. All wastebaskets used to dispose of potentially infectious materials must be lined with a plastic bag liner that is changed daily;
12. Gloves and repellent gowns, aprons or jackets are required for tasks in which exposure to blood or other potentially infectious materials can be reasonably anticipated to contaminate street clothing. Type and characteristics of such protective clothing will depend on the task. Such tasks may include diapering/toileting with gross contamination, assisting with wound care, sorting or bagging contaminated laundry/clothing and disposing of regulated waste with gross contamination;
13. Maximum protection with gloves, face and/or eye protection and gowns are required whenever splashes, spray, spatter or droplets of blood or other potentially infectious materials may be generated and eye, nose or mouth contamination can be reasonably anticipated. Such tasks may include feeding a student with a history of spitting or forceful vomiting and assisting with severe injury and wounds with spurting blood;
14. If a first-aid situation occurs, students should report to a person in authority, staff should report to a supervisor.

* HBV – Hepatitis B Virus
** HIV – Human Immunodeficiency Virus
*** Disinfectants which can be used include Lysol, Purex, Clorox, Tough Act bathroom cleaner, Dow bathroom cleaner, Real Pine liquid cleaner, Pine Sol, Spic and Span, Tackle liquid, Comet and other products with EPA numbers. Other disinfectants as recommended by the Center for Disease Control may be used.

Injury/Illness Reports

All injuries/illnesses sustained by the employee while in the actual performance of the duty of the employee, occurring on district property or during the course of school-sponsored activities, including field trips and other away events, are to be reported to the supervisor immediately.

Reports will cover property damage as well as personal injury.

A completed injury/illness report form must be submitted to the supervisor within 24 hours or the next scheduled district workday, as appropriate.

In the event or a work-related illness or injury to an employee resulting in overnight hospitalization for medical treatment other than first aid, the safety officer will inform the Oregon Occupational Safety and Health Administration (OR-OSHA) within 24 hours as required by law. Fatalities or catastrophes will be reported within eight hours. An injury or illness is work related if an event or exposure in the work environment caused or contributed to the condition or significantly aggravated preexisting condition. Medical treatment includes managing or caring for a patient for the purpose of combating disease or disorder. The following are not considered medical treatment: visits to a doctor or health care professional solely for observation or counseling; diagnostic procedures including administering prescription medications used solely for diagnostic purposes; and any procedure that can be labeled first aid. A catastrophe is an accident in which two or more
employees are fatally injured, or three or more employees are admitted to a hospital or equivalent medical facility.

All work-related injuries/illnesses will be promptly investigated and corrective measures implemented, as appropriate.

Inventory

The district will maintain an inventory of all fixed assets in accordance with governmental accounting standards. The district’s inventory will be updated annually to include property newly purchased and disposed.

Fixed assets includes all district-owned property such as land, buildings, improvements to property other than buildings, (i.e., parking lots, athletic fields, playgrounds, etc.) and equipment with a value greater than $5,000 as defined by the Program Budget and Accounting Manual, published by the Oregon Department of Education.

Other district supplies with a value greater than $200 will be included as part of the district’s annual inventory. Current records shall be maintained for the receipt, distribution/disposal and inventory of commodity foods as required by federal law. For more information regarding disposal of district property, refer to Board policy DN.

Check-out procedures include taking classroom inventory. Building secretaries will provide information on inventory.

Job Sharing

The district may consider a request for job sharing. Job sharing is defined as the sharing and occupation of a single staff position by two individuals with each assignment being part-time.

Job sharing requests are considered on an individual basis and subject to superintendent approval. All job share requests are to be made in writing and filed with the building principal by March 15th each year. Guidelines are available in the collective bargaining agreement.

Keys

Keys are issued to staff by the building secretary. In order to protect property, students and staff and to ensure the building is adequately secured when no authorized personnel are present, all staff are expected to follow the following key-control procedures:

1. The duplication of keys is prohibited;
2. Keys are not to be left unattended. Avoid leaving keys on desks, tables, in mailboxes, unattended coat pockets, etc;
3. Keys may not be loaned to students or to individuals not employed by the district. Under no circumstances should staff provide keys to students to “run errands,” “unlock/lock” doors, etc.;
4. Lost or stolen keys must be reported to the principal within 24 hours of discovery of the loss or theft so that measures may be taken to protect district property. Three days will be allowed for the finding or recovery of keys before any charges are assessed;
5. Upon completion of a lost or stolen key report form, presentation of the broken or damaged key(s) and submission of assessed fees, replacement keys will be issued within 72 hours;
6. Charges for lost or stolen keys will be made to the staff member to whom the key(s) has been issued, in the following amounts:
   a. Room or other keys – $5;
   b. Master key – $45;
   c. Maximum charge – $60;
   d. FOB charge – $5.
7. Keys may be kept by staff during the summer to accommodate building access unless otherwise noted.

Lesson Plans

The quality of the instructional program reflects the effort invested by teachers in developing lesson plans consistent with district curriculum and appropriate to the individual needs of students.

Teachers are expected to prepare lesson plans on a weekly basis. Lesson plans are to be kept by teachers in a place known and accessible to the principal. Teachers may be required to provide copies of lesson plans to the office at reasonable times and intervals as determined by the principal.

Lesson plans should be of sufficient length and substance to allow a substitute teacher to carry on the course of study and to provide a means by which the principal may monitor instruction to assure that the educational program in a particular class or activity is consistent with the district-approved course of study.

An up-to-date seating chart, class schedules and information identifying any classroom student aides or other special student needs should be included in all lesson plan books.

In case of sudden unforeseen emergency where the teacher will not be able to prepare a lesson plan, an emergency lesson plan for one day with materials and notes will be stored in the office and updated quarterly with seating/enrollment information.

License Requirements

For teachers offered employment, the district must present their original license before the Board will consider approving their employment. Applicants whose license not presenting their license prior to the beginning of school or the first day of employment will not be employed until such license is presented to the superintendent’s office. This includes all endorsements.
The district requires licensed staff to submit copies of all license endorsements to the superintendent’s office. This verification includes all license endorsements. It is the responsibility of each licensed staff member to keep his/her license and all endorsements current and to submit them to the superintendent’s office.

Teachers are cautioned that failure to maintain license and endorsements may invalidate their contract with the district.

Meetings

Staff meetings are scheduled for the purpose of organization and communication of business that typically cannot be handled through staff bulletins, departmental or committee structure.

All staff are expected to attend staff meeting unless prior arrangements have been made with the principal. Staff members are expected to schedule their time accordingly to not conflict with these meetings.

Meetings sponsored or called by recognized collective bargaining units during contract hours are subject to prior approval of the principal. Attendance of staff members at such meetings is left to the discretion of each employee.

Mother Friendly Workplace

A reasonable effort will be made to provide a room or other location in close proximity to the employees’ work area, other than a restroom, where an employee can breast-feed her child or express milk in privacy. At the Elementary the health room may be utilized and at the Jr/Sr High, the female coach’s room, unless otherwise arranged with the building administrator.

A 30 minute, unpaid rest period to express milk or breast-feed during each 4-hour work period, or the major part of a 4-hour work period, to be taken by the employee approximately in the middle of the work period. Board policy GBDA.

Participation in Political Activities

Staff members may exercise their right to participate fully in affairs of public interest on a local, county, state and national level on the same basis as any citizen in public or private employment and within the law.

Staff members may, within the limitations imposed by state and federal laws and regulations, choose any side of a particular issue and support their viewpoints as they desire by vote, discussion or persuading others. Such discussion and persuasion, however, may not be carried on during the performance of district duties, except in open discussion during classroom lessons that consider
various candidates for a particular office or various sides of a particular political or civil issue consistent with district curriculum and assigned duties.

On all controversial issues, staff members are expected to make clear that the viewpoints they represent are personal and are not to be interpreted as the district’s official viewpoint.

No staff member may use district facilities, equipment or supplies in connection with his/her campaigning, nor may he/she use any time during the working day for campaign purposes.

Personal Electronic Devices and Social Media

Staff possession or use of personal electronic devices on district property, in district facilities during the work day, while staff is on duty, including duty in attendance at school-sponsored activities may be permitted subject to the limitations in Board policy and consistent with any additional rules as may be established by the superintendent. At no time, whether on duty or off duty, will a personal electronic device be used in a manner that interferes with staff duty, the responsibility for the supervision of students or in a manner that violates any other district policy.

A “personal electronic device” is a device that is capable of electronically communicating, sending, receiving, storing, recording and/or displaying information and data.

Personal cell phones/pagers and other digital audio and video devices shall be silenced during instructional or class time, while on duty or at any other time where such use of the device would cause a disruption of school activities or interfere with work assignments. Cell phones which have the capability to take photographs or video shall not be used for such purposes while on district property or while a staff member is on duty in district-sponsored activities, unless as expressly authorized by the principal or designee. Laptop computers and PDAs brought to school will be restricted to classroom or instructional-related activities only. The district will not be liable for loss or damage to personal electronic devices brought to district property and district-sponsored activities.

Staff members, while on duty and off duty, will utilize social network websites, public websites and blogs, judiciously by not posting confidential information about students, staff or district business. Staff members, while on duty and off duty will treat fellow employees, students and the public with respect while posting in order to prevent substantial disruption in school. Communication with students using personal electronic devices will be appropriate and professional. Communication with students using personal electronic devices regarding non-school-related matters is prohibited during work hours and strongly discouraged at all other times. If communicating with students electronically regarding school-related matters, staff should use district email using mailing lists to a group of students rather than individual students. Texting students during work hours is discouraged. Texting students while off duty is strongly discouraged.

Exceptions to the prohibitions set forth may be made for educational, health, safety or emergency reasons with principal or designee approval.
Personal Property

The district is not liable for lost, stolen or damaged personal property on district property.

Personnel Records

An official personnel file is established for each person employed by the district. A staff member’s personnel file may contain such information as applications for employment, references, records relative to compensation, payroll deductions, evaluations, complaints and written disciplinary actions. All charges resulting in disciplinary action shall be considered a permanent part of a teacher’s personnel file and shall not be removed for any reason. Employees may submit a written response to any materials placed in their personnel file.

All records containing medical condition information such as workers’ compensation reports and release/permission-to-return-to-work forms will be kept confidential, in a separate file from personnel records. All other personnel records are considered confidential and not open to public inspection. Access to personnel files is limited and inspection only by the following or as otherwise required by law:

1. The individual employee. An employee or designee may arrange with the district office to inspect the contents of his/her personnel file on any day the district office is open for business;
2. Others designated in writing by the employee;
3. The comptroller or auditor, when such inspection is pertinent to carrying out his/her respective duties, or as otherwise specifically authorized by the Board. Information so obtained will be kept confidential. No files will be removed from their central location for personal inspection;
4. A Board member when specifically authorized by the Board. Information will be kept confidential. No files will be removed from their central location for personal inspection;
5. The superintendent and members of the central administrative staff;
6. District administrators and supervisors who currently or prospectively supervise the employee;
7. Employees or the personnel office;
8. Attorneys for the district or the district’s designated representative on matters of district business;
9. The disciplinary records of a district employee convicted of a crime listed in ORS 342.143 are not exempt from the disclosure under ORS 192.501 or 192.502 and may be released to any person upon request. Prior to the release of disciplinary records the district shall remove any personally identifiable information from the record that would disclose the identity of a child, a crime victim or a district employee who is the subject of the disciplinary record;
10. Upon request from a law enforcement agency, the Department of Human Services or the Teacher Standards and Practices Commission, a district shall provide the records of investigations of suspected abuse of a child by a district employee.
The superintendent may permit persons other than those specified above to use and to inspect employee records when, in his/her opinion, the person requesting access has a legitimate official purpose. The superintendent will determine in each case the appropriateness and extent of such access. Release of personnel records to parties other than those authorized to inspect them will be only upon receipt of a court order.

Prep Periods/Instructional Staff Planning Time

Planning time for certified staff is designated as that time before and after school and as stated below:

1. Jr./Sr. High Level: Full-time members shall have one class period per day preparation period, during which they shall not be assigned to any other duties. The length of each preparation time shall not be less than the length of a normal teaching period.

2. Elementary Level Day and Planning Time: During the scheduled pull-out times, elementary members shall have at least 45 minutes of uninterrupted preparation time per day and one fifteen minute recess break per day.

Progress Reports

Teachers are expected to report to parents and students, at least annually, their students’ progress toward achieving the academic content standards. Progress reports are issued at the mid-way point of the first, second, third and fourth quarter grading periods indicating academic and citizenship progress to date. Parents will receive reports on their students’ absences.

Mid Term Progress Report Dates for 2015-2016:
1st Quarter: October 2nd
2nd Quarter: December 15th
3rd Quarter: March 1st
4th Quarter: May 9th

Such reports may be issued at other times during the course of a grading period as deemed appropriate by teachers.

Staff that teach grades 5-8 will not assign a “D” or “F” without notifying the student and his/her parents of academic deficiencies. A communication log must be maintained for these communications.

Release of General Staff Information

A staff member’s or volunteer’s address, personal electronic mail address, date of birth, social security number and personal phone number contained in personnel records maintained by the district are exempt from public disclosure. Such information will be released by the district only upon written permission of the staff member or volunteer, unless otherwise excepted by law.
Authorized district personnel may disclose information about a former employee’s job performance to a prospective employer under the following conditions:

1. Disclosure of information is upon the request of the prospective employer;
2. Disclosure of information is upon the request of the former staff member;
3. The information is related to job performance; or
4. The disclosure is presumed to be in good faith.

The district will not disclose information that is knowingly false, deliberately misleading, rendered with malicious purpose or is in violation of the staff member’s civil rights.

Research/Copyrights and Patents

Staff members engaged in a research project during the work day or who use district resources or students, either for study toward advanced work or for use in classroom instruction, may do so only with the prior approval of the superintendent.

Privacy rights of students or other individuals involved in such research projects must be maintained.

Publications, instructional materials, articles, models and other devices prepared by staff members for district use with district time, money and facilities as part of the employee’s job responsibilities remain the property of the district.

In the event that a staff member produces items described above partly on his/her own time and partly on district time, the district reserves the right to claim full ownership. The employee may petition the district for assignment of copyright or patent rights. Employees may not attempt to copyright or patent such items without the knowledge and consent of the district.

Resignation of Staff

A resigning staff member is required to deliver a written and signed notice of resignation to the office of the superintendent. If the superintendent decides to accept the resignation, acceptance shall be from the superintendent to the employee. The resignation shall be effective as of the date specified in the notice. If no effective date is specified in the notice, the resignation shall be effective as of the date specified in the superintendent’s acceptance letter.

A licensed staff member who wishes to resign from his/her position with the district must give written notice at least 60 days prior to the date he/she wishes to leave district employment. The superintendent may accept the resignation effective the day it is received and either release the teacher immediately or inform the teacher that he/she must continue teaching for part or all of the 60-day period.
Where less than a 60-day notice is given, the Board may request the Teacher Standards and Practices Commission (TSPC) to discipline the licensee. Exceptions due to emergency or other extenuating circumstances may be considered by the Board.

A classified employee is expected to submit a written and signed notice of resignation at least fifteen days prior to the date he/she wishes to leave district employment.

Retirement

To assist the district in its planning efforts, staff members considering retirement are encouraged to notify the district as early as possible, preferably at the beginning of the school year in which the retirement will take place.

Sexual Conduct (Reporting Requirements)

Sexual conduct by district/school employees as defined by Oregon law will not be tolerated. All district employees are subject to this policy.

“Sexual conduct” as defined by Oregon law is any verbal or physical or other conduct by a school employee that is sexual in nature; directed toward a kindergarten through grade 12 student; unreasonably interferes with a student’s educational performance; and creates an intimidating, hostile or offensive educational environment. The definition for sexual conduct does not include behavior that would be considered child abuse as outlined by Oregon law and district Board policy JHFE and JHFE-AR – Reporting of Suspected Abuse of a Child.

Any district/school employee who has reasonable cause to believe that another district/school employee or volunteer has engaged in sexual conduct with a student must immediately notify his/her immediate supervisor (Board policy JHFF, JHFF-AR1, JHFF-AR2).

When the district receives a report of suspected sexual conduct by a district employee, the district may decide to place the employee on paid administrative leave or in a position that does not involve direct, unsupervised contact with students while conducting an investigation. An investigation is a detailed inquiry into the factual allegations of a report of suspected sexual conduct that is based on interviews with the complainant, witnesses, the district employee or student who is the subject of the report. If the subject of the report is a district employee, the investigation must meet any negotiated standards of an employment contract or agreement.

If, following the investigation, the report is substantiated, the district will inform the employee that the report has been substantiated and provide information regarding the appeal process. The employee may appeal the district’s decision through the appeal process provided by the district’s collective bargaining agreement. A substantiated report is one that: a) an educational provider has reasonable cause to believe is founded based on the available evidence after conducting an investigation; and b) involves conduct that the educational provider determines is sufficiently serious to be documented in the employee’s personnel file.
If the employee decides not to appeal the determination or if the determination is sustained after an appeal, a record of the substantiated report will be placed in the employee’s personnel file. The employee will be notified that this information may be disclosed to a potential employer.

Staff members are encouraged to participate in the decision making process whenever practicable. Staff may become involved or serve on school and/or district committees and may participate in such district and building activities as the establishment of district and building goals and objectives, curriculum revision and adoption, selection of instructional materials, budget and facility planning. Contact the principal for additional information regarding possible building and district level committee work that may be available.

Staff/Parent Relations

The district encourages parents to be involved in their student’s school experience. Teachers are advised that unless otherwise ordered by the courts, an order of sole custody on the part of one parent does not deprive the other parent of certain rights. It is the responsibility of the parent with sole custody to provide to the district any court order that curtails the rights of the noncustodial parent.

A noncustodial parent may receive and inspect the school records pertaining to his/her student and to consult with teachers concerning his/her student’s welfare and education.

Noncustodial parents will not be granted visitation or telephone access to their student during the school day unless a signed agreement has been submitted to the school by the parent having sole custody of the child/children.

In the case of joint custody, it is the responsibility of the parents to provide the district, in writing, any special requests or clarifications in areas concerning the student and the district’s relationship and responsibilities. Such information will be maintained on file in the office and provided to staff, as appropriate.

Staff members with questions regarding custodial and/or noncustodial parent rights with respect to particular students should contact the office.

Staff Room

A staff room is provided to staff use during break, lunch and preparation periods, as may be appropriate. All staff are expected to “pitch in” as needed, to help keep this gathering area clean and orderly.

Personal items of value should not be left in the staff room. Staff members leaving such items in the staff room do so at their own risk.

Students, volunteers and visitors are not permitted in the staff room without administrative permission.
Staff resource library is located in the staff room for junior/senior high and in the back of the library at the elementary. Check out is on the honor system and books should be returned within a reasonable time frame.

Supervision of Students

Staff members are responsible for the supervision of all students while in school or engaged in school-sponsored activities.

All teachers are expected to be in their classrooms prior to the arrival of students. During transitions, staff are expected to be in the halls or common areas actively assisting with supervision of students.

Under no circumstances are classrooms or other areas where students are under the supervision of assigned staff to be left unattended while students are present. Teachers who may need to temporarily leave the classroom or their assigned duties in an emergency situation while students are present are expected to contact the office or neighboring colleague to arrange for temporary coverage.

No other staff member may leave his/her assigned group unsupervised except as appropriate supervision arrangements have been made to take care of an emergency.

During school hours, or while engaged in school-sponsored activities, students may be released only into the custody of parents or other authorized persons.

Teaching About Religion

Religious education is the responsibility of the home and religious institution. Public schools are obligated to maintain neutrality in all such matters.

As religion influences many areas of education such as literature and history, its role in civilization may be taught when consistent with curriculum and teaching assignment. In such instances, teachers may provide information and opportunity for students to study the forms of various religions.

Though teachers may be permitted to expose students to information concerning religious beliefs, a teacher may not advocate, openly, covertly or by subtlety, a particular religion or religious belief.

Tutoring

No private tutoring for which a staff member receives a fee is permitted in district schools on school time. District facilities, materials or equipment may not be used.
Use of Private Vehicles for District Business

The use of private vehicles for district business, including the transportation of students, is generally discouraged. Staff members should use district transportation whenever possible, scheduling activities and other transportation far enough in advance to avoid any nonemergency use of private vehicles. No staff member may use a private vehicle for district business without written permission from the principal.

Vacancies/Transfers

Announced vacancies for licensed and classified positions are posted via email to all staff at least 24 hours prior to opening the position publically. All certified and classified staff that are qualified and put in for transfers will be granted an interview for the position.

Voluntary and involuntary transfer of staff members may be authorized by the superintendent based on district personnel needs and in accordance with district procedures and collective bargaining agreements.
DISTRICT INFORMATION

Student/Parent Complaints

The district recognizes that complaints regarding staff performance, discipline, grades, student progress and homework assignments will be made by students and parents from time to time. Every effort will be made to ensure that such complaints are handled and resolved informally and as close to their origin as possible. Students, parents and others with complaints will be encouraged to discuss the complaint directly with the staff member. All such meetings should be held in confidence and not in the presence of others.

If the complaint is not informally resolved, staff should advise the complainant that he/she may submit the matter directly to the principal or immediate supervisor, as appropriate. The complainant will be provided with necessary formal complaint procedure guidelines in accordance with Board policy and applicable provisions of collective bargaining agreements.

Although no community member will be denied the right to petition the Board for redress of a concern, complaint or grievance, the complaint shall be referred through the proper administrative channels for resolution before investigation or action by the Board. Exceptions are complaints that concern the superintendent or Board actions or operations. Refer to Board policy AR, KL-AR for specific procedures and timelines.

All staff members should familiarize themselves with Board policy and applicable provisions of administrative regulations and collective bargaining agreements regarding the handling of complaints.

Staff Complaints

It is an unlawful employment practice for an employer to discharge, demote, suspend or in any manner discriminate or retaliate against an employee with regard to promotion, compensation or other terms, conditions or privileges of employment for the reason that the employee has in good faith reported information in a manner as to disclose employer violations of any federal or state law, rule or regulation, mismanagement, gross waste of funds, abuse of authority, or substantial and specific danger to public health and safety. Board policy GBM.

Staff member complaints contending a violation, misinterpretation or inappropriate application of district personnel policies and/or administrative regulations should be directed to the principal for informal discussion and resolution.

Complaints against the principal may be filed with the superintendent. If the staff complaint is against the superintendent the complaint should be referred to the Board chair. The Board may refer the investigation to a third party.
Complaints against the Board as a whole or against an individual Board member should be made to the Board chair and may be referred to district counsel. Complaints against the Board chair may be made directly to the Board vice chair.

If a complaint alleges a violation of state standards and is not resolved at the local level, then the district will supply the complainant with appropriate information in order to file a direct appeal to the State Superintendent of Public Instruction as outlined in Oregon Administrative Rules (OAR) 581-022-1940.

If the complaint is not resolved informally, formal complaint procedures may be initiated by staff in accordance with Board policy and administrative regulations.

This complaint procedure may not be used to resolve disputes and disagreements related to the provisions of any collective bargaining agreement.

Conferences

Planned conferences between teachers and parents are essential to the district’s efforts to further understanding and close cooperation between the home and school. Parent/teacher conferences are scheduled each fall.

Conferences should be treated as an opportunity for constructive, mutual exchange of information and ideas for the welfare and continued academic growth of the student.

Occasionally, teachers or parents may arrange for conferences outside regularly scheduled conference dates, to meet more immediate student needs. Teachers should be prepared to provide after-school or before-school time to meet with students as necessary.

tobacco products or other therapy products marked and sold solely for the approved purpose.
Board policy KGC/GBK/JFCG.

Volunteers

The district encourages the constructive participation of groups and individuals in the school to
perform appropriate tasks during and after school hours under the direction and supervision of
staff.

Every effort should be made to use volunteer resources in a manner which will ensure maximum
contribution to the welfare and educational growth of students.

Staff members interested in securing the services of a volunteer or with names of individuals
expressing an interest in volunteering should contact the office.

Any person authorized by the district for volunteer service will be required to undergo an Oregon
criminal records check annually. Volunteers will receive and must wear a badge at all times while
serving.

Weapons

In accordance with Oregon law, any employee who has reasonable cause to believe a student or
other person has, within the previous 120 days, unlawfully been in possession of a firearm or
destructive device as defined by the district’s weapons policy, shall immediately report such
violation to an administrator, his/her designee or law enforcement. Employees who report directly
to law enforcement shall also immediately inform an administrator.

Administrators shall promptly notify the appropriate law enforcement agency of staff reports
received and at any other time there is reasonable cause to believe violations have occurred or that
a student has been expelled for bringing, possessing, concealing or using a dangerous or deadly
weapon, firearm or destructive device. Parents will be notified of all conduct by their student that
violates the district’s weapons policy.

Employees shall promptly report all other conduct prohibited by the district’s weapons policy to an
administrator.
Administering Non-Injectable/Injectable Medicines to Students

Students may be permitted to take prescription or nonprescription medication at school, at school-sponsored activities, while under the supervision of school personnel and in transit to or from school or school-sponsored activities.

Training will be provided by a qualified trainer to designated staff authorized to administer nonprescription and prescription medication to students within individual school buildings and while participating at school-sponsored activities, while under the supervision of school personnel, or while in transit to or from school or school-sponsored activities.

Training will provide an overview of applicable provisions of Oregon law, administrative rules, district policy and administrative regulations and include, but not be limited to, safe storage, handling, monitoring medication supplies, disposing of medications, record keeping and reporting of medication administration and errors in administration, emergency medical response for life-threatening side effects and allergic reactions and student confidentiality. Materials as recommended and/or approved by the Oregon Department of Education will be used.

Nonprescription medication will be handled, stored, monitored, disposed of and records maintained in accordance with established district regulations governing administering non-injective or injectable, or prescription or nonprescription medicines to students, including procedures for the disposal of sharps and glass. Board policy JHCD, JHCDA, JHCD/JHCDA-AR.

Students in grades K-12 may be permitted to self-medicate prescription and nonprescription and nonprescription medication in accordance with the following procedures:

1. A parent or guardian permission form and written instructions have been submitted for all prescription and nonprescription medication. In the case of prescription medications, permission from the physician or other licensed health care provider is also required and shall include information that the student has been instructed in the proper use of the prescribed medication. Such permission may be indicated on the prescription label. Principal permission is also required for all self-medication requests;
2. Students who are developmentally and/or behaviorally unable to self-medicate will be provided assistance by designated staff. A permission form and written instructions will be required as provided above;

4. The student may have in his/her possession only the amount of medication needed for that school day except for manufacturer’s packaging that contains multiple dosage, the student may carry one package;
5. Sharing and/or borrowing of any medication with another student is strictly prohibited.

Permission to self-medicate may be revoked by the principal if there are any abuses of these procedures. The District reserves the right to reject a request to administer or allow self-administration of a nonprescription medication when such medication is not necessary for the student to remain at school.

All other students will be administered medication only by designated staff after receipt of required parent permission forms and written instructions.

A process shall be established by which, upon parent written request, a backup prescribed auto-injectable epinephrine be kept at a reasonable, secured location in the student’s classroom.

A premeasured dose of epinephrine may be administered by trained, designated district staff to any student or other individual on school premises who the personnel believe, in good faith, is experiencing a severe allergic reaction, regardless of whether the student or individual has a prescription for epinephrine.

Assemblies

Students are required to attend all assemblies. Those who refuse are to be referred to the office.

All staff are assigned to specific supervision duties during assemblies and are expected to be in their assigned areas.

Students may be removed from an assembly as deemed necessary by the staff member. Generally, all students should be dealt with directly and/or referred to the office in accordance with established building discipline procedures.

Assignment of Students to Classes

The assignment of students and classes to teachers is the responsibility of the principal. Parents have the right to discuss student class assignments with the counselor and the principal.

Any request to change a student’s assignment to a particular class by a student, parent or teacher should be referred to the counselor.

Students are to be added or dropped from teacher class rosters only when the student presents an add/drop slip from the counseling office or when otherwise notified by the office.
Any student with the proper add slip, or who has otherwise been added to a particular class by the counseling office, is to be admitted to class. Teachers with questions regarding a student’s placement should contact the counseling office.

Class Interruptions

The district is committed to protecting instructional time. Class interruptions of any kind will be kept to a minimum. Students are not to be permitted to interrupt a class in session without authorization from the office. Intercom use is restricted to administrative use or administrative approved use only.

Communicable Diseases/Students

Protection from communicable disease is generally provided through immunization, exclusion or other measures provided for in Oregon Revised Statutes and rules of the county health department. A student with certain school restrictable disease is not allowed to come to school while the disease is contagious. This restriction is removed by the written statement of the local health officer or a licensed physician (with the concurrence of the local health officer) that the disease is no longer communicable to others in the school setting. In those cases where a communicable disease is diagnosed and confirmed and the student would not be excluded from school, the district will inform the appropriate staff member to protect against the risk of exposure, as necessary.

Contests for Students

The district cooperates with individuals, community organizations and agencies desiring to sponsor contests for students, when such activities can be integrated into the school program without disruption or loss of instructional time for the student and without imposing an unreasonable added work load on staff. All such contests must be consistent with the purposes and educational aims of the district.

Teachers sponsoring such activities are responsible for the preparation and circulation of all informational materials and for other administrative work required in the grading, judging or evaluation of the participant’s work.

The school may not be used to promote private or commercial interests. Nor may the school be used for the direct sales promotion of individual competitive goods or services.

Materials or activities initiated by private sources are to be referred to the principal for approval and will be judged on grounds of their direct contribution to educational values, factual accuracy and good taste.
Corporal Punishment

The use of corporal punishment in any form is strictly prohibited by the district and will be considered cause for discipline up to and including dismissal. Corporal punishment is defined as the willful infliction of, or willfully causing the infliction of, physical pain.

A staff member is authorized to employ physical force when, in his/her professional judgment, the physical force is necessary to prevent a student from harming himself/herself, others or doing harm to district property.

Corporal punishment does not include physical pain or discomfort resulting from or caused by:

1. Training for or participation in athletic competition voluntarily engaged in by a student;
2. Recreational activity voluntarily engaged in by a student;
3. Physical exertion shared by all students in a teacher-directed class activity, which may include, but is not limited to, physical education exercises, field trips or vocational education projects;
4. Physical restraint or the use of aversive techniques as a part of a behavior management program in a student’s individualized education program which has been signed by the parents and is carried out according to district procedures.

Dismissal of Classes

Teachers should never dismiss a class before the established dismissal time. Detaining the entire class after dismissal time is also discouraged. Whenever individual students are detained after class, the teacher is expected to provide the student a note for the student’s next class teacher. This will help reduce unnecessary hall traffic as students reporting to class late will need to account for their tardiness.

Drug, Alcohol and Tobacco Prevention, Health Education

The district will not tolerate the possession, sale or use of unlawful and harmful drugs (illicit drugs, nontherapeutic use of prescribed drugs, misuse of solvents and other dangerous substances and drug paraphernalia), alcohol, tobacco or inhalant delivery system, in the schools, on district property, on a school bus or while participating in any school-sponsored activity, whether on district property or at sites off district property.

Given the extensive use and the formal and informal promotion of drug, alcohol and tobacco use in society, the school has an obligation to provide drug, alcohol and tobacco education that emphasizes prevention, describes intervention and referral procedures and outlines consequences. No district employee shall knowingly sell, market or distribute steroid or performance enhancing substances to kindergarten through 12th grade students with whom the employee has had contact as part of the employee’s district duties, or knowingly endorse or suggest the use of such substances.
An age-appropriate drug, alcohol and tobacco prevention curriculum is provided for all students in grades K-12 as a part of the health education curriculum. For students in grades 9-12 not enrolled in health education classes, a program of activities which meets the requirements of the drug, alcohol and tobacco prevention rule has been developed. At least annually, senior high school students will receive age-appropriate instruction.

Funds needed to support activities related to drug, alcohol and tobacco prevention are identified by source, particularly the Safe and Drug-Free Schools and Communities Act moneys or other grants received from federal, state or local sources.

Each year, a planned staff development and public information program that addresses the needs and responsibilities for the entire staff is developed by the superintendent. The program includes current basic drug, alcohol and tobacco information and an explanation of district drug, alcohol and tobacco policies, procedures and programs. The input of staff in planning and implementing the district’s staff development and public information program is encouraged to ensure a drug, alcohol and tobacco program that best meets the needs of district students.

principal consent, Board policy IIABB-AR.

Parents should be provided the opportunity to preview a feature film/video, whenever possible.

Field Trips and Special Events

Field trips and other student activities involving travel may be authorized by the principal when
such trips or activities contribute to the achievement of desirable educational goals.

Requests should be submitted to the principal well in advance of the proposed activity. All such
requests will be considered based on such factors as availability of funds, the educational value
derived, the safety and welfare of the students involved, impact on the regular school program and
availability of appropriate supervision, either from within school staff or from volunteers.

Written parental permission must be obtained for each approved trip. Teachers are expected to
submit the signed forms showing parental approval and acknowledgement of the student conduct
guidelines to the office prior to departure for the scheduled activity.

Each classroom is required to display a United States flag of an appropriate size.

Grading

The evaluation of student progress is a primary responsibility of all teachers. The highest possible level of student achievement is a common goal of both the district and parents. As a close working relationship between the district and parents is essential to the accomplishment of this goal, regular communications with parents is essential.

Teachers are expected to report, at least annually, a student’s progress toward achieving academic content standards to the student and their parents. Parents will receive reports on their student’s absences.

Teachers should use a variety of communication devices, including phone and personal conferences, as well as written grade reports to keep parents well informed. At the beginning of the grading period, students and parents are to be informed regarding the basis of the grades and the methods to be used in determining grades.

Grades used as follows in grades K-4:

- M: Meets or exceeds expectations at this time
- S: The skill is Satisfactorily developing at this time
- N: The skill Needs strengthening at this time
- B: Does not meet grade level standards
- X: Not yet taught

Letter grades will be used as follows in grades 5-12:

- A: Superior
- B: Above Average
- C: Average
- D: Below Average
- F: Failing
- P: Pass – Credit granted, nongraded course
- NP: No pass – Credit denied, nongraded course
- I: Incomplete
- W: Withdrawal

Grading will be conducted on a nine-week basis. Progress reports will be made available between each nine-week grading period.
Grade reduction or credit denial based on a student’s attendance may be permissible only when the student’s attendance is not used as a sole criterion for the grade reduction or credit denial. Prior to a grade reduction or credit denial, teachers are required to provide notice to the student, parents or guardians that includes the following information:

1. Identification of how the attendance and class participation is related to the instructional goals of the subject or course;
2. Parents and students will be informed;
3. Procedures in due process are available to the student when the grade is reduced or credit denied for attendance rather than academic reasons;
4. Reasons for nonattendance are considered and the grade is not reduced or credit denied based upon absences due to:
   a. Religious reasons;
   b. A student’s disability; or
   c. An excused absence, as determined by the district’s policy.

Due process procedures will be provided to all students whose grade is reduced or credit denied for attendance rather than academic reasons. Reasons for the student’s absence will be considered. No grade may be reduced or credit denied based on absence due to religious reasons, a student’s disability or an excused absence as determined by district policy. Such notice is to be included in each teacher’s syllabus and distributed to students at the beginning of the grading period.

Special education students are to receive grades based on progress toward goals stated in the student’s individualized education program (IEP).

**Homework**

Teachers at all grade levels are encouraged to consistently assign homework, which is expected to increase in complexity with the maturity or grade level of the students.

Homework may refer to an assignment prepared during a period of supervised study in class or outside of class or which requires individual work in the home.

Homework is expected to be designed to improve learning, to aid in the mastery of skills and to stimulate interest on the part of the student.

The information for any homework assignment should be clear and specific so that the student can complete the assignment. Homework should not require the use of reference materials not readily available in most homes, school libraries or the public library. Homework should require the use of those materials only when the student has had instruction in such use.

**Human Sexuality, HIV/AIDS, Sexually-Transmitted Diseases, Health Education**

Human sexuality, HIV/AIDS and sexually-transmitted disease prevention curriculum has been cooperatively developed and aligned with the Oregon Health Education Standards and Benchmarks,
by parents, teachers, administration, local health department staff and others as an integral part of health education and other subjects. All teachers are expected to teach the age-appropriate curriculum annually for students in grades 6-8 and twice in grades 9-12 in accordance with established curriculum.

Teachers are expected to notify parents of minor students in advance that the material regarding any human sexuality or HIV/AIDS/HBV/HCV will be taught. Any parent may request his/her student be excused from that portion of the instructional program.  
*AIDS – Acquired Immune Deficiency Syndrome; HIV – Human Immunodeficiency Virus; HBV – Hepatitis B Virus; HCV – Hepatitis C Virus

Make-Up Work

A student who has an excused absence from class is permitted to make up those assignments that he/she has missed. The student is expected to make arrangements with the teacher on his/her first day back in class for the work missed due to absence.

Any student truant from school will be permitted to make up missed work at the discretion of the teacher.

A student suspended from school is to be permitted, as provided by Oregon Administrative Rule, to make up school work upon his/her return from the suspension if the work reflects achievement over a greater period of time than the length of the suspension. For example, the student is allowed to make up final, midterm and unit examinations, without an academic penalty. At teacher’s discretion, students will not be allowed to make up daily assignments, laboratory experiments, class discussions or presentations missed while under suspension.

Media Access to Students

The media may interview and photograph students involved in instructional programs and school activities including athletic events. Such media access may not be unduly disruptive and must comply with Board policies and district goals.

Media representatives are required to report to the principal for prior approval before accessing students involved in instructional programs and activities not attended by the general public.

Information obtained by media representatives directly from students does not require parental approval prior to publication by the media. Parents who do not want their student interviewed or photographed by the media may direct their student accordingly.

Staff may release student information to the media only in accordance with applicable provisions of the education records law and Board policies governing directory information and personally identifiable information.
Moving Class/Holding Classes Outdoors

From time to time, teachers may find it necessary to temporarily move a class from their scheduled room or teaching area. Teachers are responsible for ensuring that both the office and students are informed of the change.

As holding classes outdoors often presents a distraction to students in the class as well as to staff and students in other classrooms, teachers are expected to conduct their classes in their scheduled rooms on most days. From time to time, certain class assignments may be more appropriately conducted outdoors.

Non-School-Sponsored Study and Athletic Tours/Trips/Competitions

The district does not sponsor, endorse or financially contribute to the variety of outside-sponsored study and athletic tours/trips/competitions available to students.

Students who raise funds for their personal participation in such activities may not raise moneys for travel and other activity expenses as a representative of the school. Students may not use school supplies, materials or facilities in conjunction with such trips or their related fund raising.

Staff members are prohibited from using their contact with students to advertise or recruit for summer or other holiday travel activities not sponsored by the district which involve their supervision of students unless otherwise authorized by administration.

The counseling center may contain pamphlets which will assist parents who have questions about selection of such activities.

Program Exemptions

Students may be excused from a state-required program or learning activity for reasons of religion, disability or other reasons deemed appropriate by the district, upon the written request of the parent.

An alternative program of credit may be provided. Teachers are expected to work cooperatively with students, parents, counselors and other district staff in the development of such alternative learning activities, as needed.

Release Time for Religious Instruction

Students may be excused from school for religious instruction, not to exceed two hours for grades 1-8 and five hours for grades 9-12 in any school week. Teachers will be notified by the office of any students in their class so excused.
Any student unable to attend classes on a particular day due to religious beliefs is to be excused from attendance requirements for that day.

No such absences shall be counted against a student in determining failure or reduction of grades. Any tests and assignments a student misses because of such absences are to be given to the student upon his/her return to school or at such other times as may be deemed appropriate by the teacher.

**Restraint and Seclusion**

The use of physical restraint and/or seclusion is permitted only as a part of a behavior support plan when other less restrictive interventions would not be effective and the student’s behavior poses a threat of imminent, serious physical harm to self or others.

Except in the case of an emergency, only staff current in the required training in accordance with the district-designated physical restraint and seclusion training program will implement physical restraint or seclusion with a student. In an emergency, physical restraint and/or seclusion may also be used by a school administrator, teacher or other school employee as when the student’s behavior imposes a reasonable threat of imminent, serious bodily injury to the student or to others. The use of physical restraint and seclusion under these circumstances is only allowed so long as the students’ behavior poses a threat of imminent, serious physical harm to themselves, or to others. Any student being restrained or secluded within the district whether an emergency or as part of a plan shall be constantly monitored by staff for the duration of the intervention. Any room used for seclusion of a student must meet the standards as outlined in OAR 581-021-0568.

**Retention of Students**

Students will normally progress annually from grade to grade. Exceptions may be made when, in the judgment of the professional staff, such exceptions are in the best educational interest of the students involved.

Exceptions will always be made after prior notification and explanation to the student’s parents, but the final decision will rest with the principal.

**Senior Trips**

Private groups and organizations may be permitted to use district facilities and equipment during non-school non-instructional time to promote senior trips on the same basis as facilities and equipment are provided to others.

**Student Activity Funds**

All moneys raised or collected by and/or for school-approved student groups are to be receipted and deposited into a checking account administered by the business office. All student activity fund expenditures must be approved by the person in charge of the student activities program.
All expenditures from a specific account of student activity funds related to other school-recognized student groups must be approved by the members of that organization and their staff advisor. Funds derived from authorized clubs and organizations shall be expended to benefit the specific club or organization and, to the extent possible, to benefit those students currently in school who have contributed to the accumulation of the funds.

**Student Conduct**

All students are to comply with district policies and administrative regulations, written building and classroom rules, pursue the prescribed course of study, submit to the lawful authority of teachers and school officials and conduct themselves in an orderly manner at school during the school day and during school-sponsored activities.

In addition to adopted Board policies governing student conduct, school rules specifying student conduct expectations have been established. These rules apply to actions which occur on district property; at any district-sponsored activity regardless of location; or when traveling to or from school for district-sponsored activities on transportation provided or approved by the district. A student handbook, code of conduct or other document shall be developed and distributed to parents, students and employees. Each school shall publish any additional rules specific to the school and distribute it to students and parents. Disregard of these rules constitutes grounds for suspension, expulsion or other reasonable disciplinary action.

All teachers are expected to support PBIS and review the student conduct rules contained in the Student/Parent Handbook with their students during the first week of the school year. A schedule developed by the principal including particular areas to be emphasized will be provided to all staff during in-service.

Student conduct rules unique to individual classrooms may also be developed by teachers. All such rules must be consistent with district policies, administrative regulations and school rules governing student conduct and discipline. Classroom rules and consequences are to be reviewed with students, posted in classrooms and made available to parents.

Classroom rules and consequences are to be submitted to the principal for review and approval.

**Student Detention**

Teachers may detain a student after school hours for disciplinary reasons provided the parent has been notified of the detention and, in the case of bus students, prior arrangements have been made for the student's transportation home.

Parents may be asked to arrange for the transportation of the detained student; however, if the parent cannot or will not provide it, an alternative disciplinary procedure must be substituted.
Students who are detained after school are not to be left unsupervised during their detention.

Student Discipline

Student discipline, whether in the classroom, building, district grounds or at district-sponsored activities regardless of location, is the responsibility of all staff. Student conduct infractions have been divided into two categories, major violations and minor violations. These are listed in the Student/Parent Handbook. Student discipline will offer corrective counseling and sanctions that are age appropriate, and to the extent possible, are shown through research to be effective.

The following behavior referral process has been established to assist staff in dealing with student misconduct:

**Minor Violations**
See the PBIS plan developed by each school for how minor violations are handled and tracked.

**Severe Violations**
All students with major violations are to be referred to the office immediately. A complete student incident referral form must be submitted at the time the student is sent to the office. If a student refuses to report to the office as directed or the teacher deems it necessary for the student to be accompanied to the office, the office should be contacted for administrative assistance.

Each student who is being provided educational services through an Individualized Education Program (IEP) is subject to district discipline regulations unless, as provided by law, specific behavioral concerns are addressed as part of the student’s IEP. Teachers are expected to work cooperatively with special education staff to resolve any concerns regarding the conduct and discipline of a student with disabilities.

Student Dismissal Precautions

No staff member may permit any student to leave class/school prior to the regular hour of dismissal except as may be authorized by the office. Student aides are not permitted to run errands for staff without explicit permission from the office.

Student/Parent Handbook

A student/parent handbook is issued to all students at the beginning of each new school year and at the time of registration for new students moving into the district at other times of the year.

All staff are expected to familiarize themselves with the general information, administrative regulations and procedures pertaining to students as set forth in the student/parent handbook and in Board policy.
Teachers are expected to review the handbook with students during the days/times designated by the principal.

Student Performances

Teachers are encouraged to arrange for individual student and group public performance when such performance contribute to the educational process and are consistent with district and course goals.

All performances involving students must be approved by the principal and may not interfere with other scheduled activities or classes within the school.

The extended use of one particular group of students is generally discouraged. Teachers are expected to enforce all student conduct and discipline rules when engaged in such activities.

Student Transportation in Private Vehicles

Transportation of students to and from school and to curricular and extracurricular activities sponsored by the district is provided by the district’s transportation system in accordance with district policy.

Parents, employees and other designated adults may be permitted to use private vehicles to transport students other than their own on field trips and other school activities only with prior principal approval. The parent, employee or other adult driving the vehicle must be properly licensed and must provide proof of insurance. Such insurance shall meet or exceed minimum requirements as established by the state of Oregon and as set by the district. The vehicle must contain an adequate number of seat restraints including, when applicable, a child safety system for a child who weighs less than 40 pounds, regardless of age, and the adult driver requires their use. The child safety system must elevate the person so that a safety belt or safety harness properly fits the individual and meets the minimum standards and specifications of law. A person over 40 pounds or who has reached the upper weight limit for the forward-facing car seat must use a booster seat until he/she is four feet nine inches tall or age eight and the adult belt properly fits. A person who is taller than four feet nine inches or eight years of age or older must be properly secured with a safety belt or harness that meets the minimum standards and specifications of law. Training in the proper installation and use of child safety systems may be required.

Student Withdrawal from School

Upon notification by the office of a student withdrawal from school, teachers are expected to complete the student withdrawal form (obtained at the office), including grade earned to date.

Teachers are expected to make a complete accounting of any unreturned or damaged books, locks, materials, supplies, equipment or other district property including replacement costs, if known.
Submit the list to the office. In accordance with the law and with Board policy, restrictions and/or penalties may be imposed until such fees, fines or charges are paid.

Additionally, the district may notify the Oregon Department of Transportation of the withdrawal of a student who is at least 15 years of age and under 18 years of age. In certain circumstances, driving privileges may be denied or revoked.

Travel Services

The solicitation and sale of travel services by any person or group that contracts for, sells, provides, furnishes, arranges or advertises travel services may be permitted with approval of the superintendent on school property.

Any district-approved seller of travel must meet the district’s criteria for such vendors.

Visitors

Students are not permitted to bring visitors to school without prior approval of the principal.

Staff members are expected to report any unauthorized person on school property to the principal.
SPECIAL PROGRAMS

Alternative Education Program

Alternative education programs have been developed and identified to meet the individual needs of students. These programs are made available to students who are unable to succeed in the regular programs because of erratic attendance or behavioral problems; who have not met or who have exceeded all of Oregon’s academic content standards; when the district determines that the placement serves the student’s educational needs and interests and assists the student in achieving district and state academic standards; or when a public or private alternative education program is not otherwise readily available or accessible. The involvement of staff, parents and the community in recommending alternative education programs for Board approval is encouraged.

Alternative education programs consist of instruction or instruction combined with counseling and may be public or private. Home schooling is not a permissible alternative education option.

The district is obligated to pay the actual alternative education program cost or an amount equal to 80 percent of the district’s estimated current year’s average per-student net operating expenditure, whichever is less.

If the student is not successful in the alternative education program, there is no obligation to propose of fund a second alternative.

The district provides individual notification to students and parents regarding the availability of alternative programs semi-annually or when new programs become available during an expulsion hearing.

Teachers with questions concerning available alternative education programs should contact a counselor or the principal.

Assessment Programs

The district’s assessment program has been developed to meet state requirements and local district needs.

Assessment results are used to measure the academic content of standards and to identify students who meet or exceed the performance standards adopted by the State Board of Education. Additional services, alternative educational or other public school options are made available to any student who has not met or has exceeded all of the state-required academic content standards.

The district’s assessment program consists of the following:

1. Criterion-reference assessments, including performance-based assessments, content-based assessments and other valid methods as may be required by state and federal requirements;
2. Individual diagnostic and ability evaluations in all grades when individuals have been referred and parental permission obtained;
3. Assessments by individual teachers;
4. Optional school-wide and grade level-wide assessments as recommended by the superintendent and as approved by the Board.

Dates for district and state assessments will be announced by the principal or district testing coordinator, as appropriate.

Breakfast/Lunch Programs

The district participates in the National School Lunch, School Breakfast, and Commodity Programs.

Free and reduced-price meals are available for students unable to pay the full price for meals. General information, eligibility criteria and confidential application forms are available through the office.

Crisis Prevention/Response Program

The school district crisis prevention/response program is led by James Gesicki, our school psychologist. In case of a crisis, contact the principal and/or superintendent who will alert Mr. Gesicki.

English Language Learners

Students whose primary language is a language other than English are provided appropriate assistance through the district's English Language Learner (ELL) until they are able to meet appropriate ELL standards on the state assessment.

Parents who are not able to use English in a manner that allows effective, relevant participation in educational planning for their student will be provided with relevant written, verbal or signed communication in a language they can understand.

Staff in need of assistance in translations, materials selection, special curriculum development, etc., should contact the office or Christine Collins, the ELL Director.

Health-Services Programs

The district has an established health-services program which provides:
1. Pertinent health information on students, as required by Oregon statutes and rules;
2. Health-appraisal services, including screening for possible vision or hearing problems and also scoliosis;
3. Health counseling for students and parents, when appropriate;
4. Health care and first-aid assistance that is appropriately supervised and isolates the sick or injured child from the student body;
5. Control and prevention of communicable diseases as required by the Oregon Department of Human Services, Health Services, and the county health department;
6. Assistance for students in taking medication according to established district policies and procedures;
7. Services for students who are medically fragile or have special health care needs;
8. Integration of school health services with school health education programs.

The district’s school nurse is available as a resource to teachers in securing appropriate information and materials on health-related topics.

All staff will be informed of their responsibilities in these areas.

Nonemergency invasive physical examinations and screenings not otherwise required or permitted by state law may take place under the No Child Left Behind Act of 2001 only with prior parental notification and the option for parents to excuse their student from the activity.

ORS 329.025 requires:
1. One registered nurse or school nurse for every 125 medically fragile students; or
2. One registered nurse or school nurse or one licensed practical nurse under the supervision of a registered nurse or school nurse for each nursing-dependent student; or
3. One registered nurse or school nurse for every 225 medically complex students.

The district may use the most cost effective means available to meet the above requirements.

Homebound Instruction

Homebound instruction is provided to any student whose health or impairment causes him/her to be absent from school for at least 20 days. A physician’s statement substantiating such absence is required in order for the district to authorize homebound instruction.

The amount of instructional service provided will be related to each student’s educational needs and physical and mental health, but not to exceed state minimum requirements.

Teachers are expected to cooperate with counselors, students and parents to provide such assignments/homework as may be necessary to help students maintain satisfactory progress during the student’s temporary absence from school.

Library/Media Support Services

Teachers should contact library/media staff for assistance in obtaining audiovisual materials and equipment, computer software, video recordings, laser discs, sound filmstrips and other instructional media materials maintained by the district.
A professional collection of books and current periodicals is also available for staff use in the staff room (Jr/Sr high) or library/media center (elementary). Materials may be checked out on the honor system.

Teachers may schedule with staff to bring entire classes to the library/media center for project work, as appropriate.

Pregnant/Parenting Student Programs

The district advocates the right to continued public education for all pregnant and parenting students. A pregnant and parenting student should be encouraged to continue with his/her educational program and to participate in all school-sponsored activities unless physically unable.

Teachers are expected to work cooperatively with counselors, parents and students in the development of individualized educational programs or services, or both, to address the needs of pregnant and parenting students when their educational needs cannot be met by the regularly provided school program.

Psychological Testing Services

Psychological tests, excluding intelligence tests, may be administered to students only by licensed psychologists/psychometrists employed for this purpose or by interns under their supervision.

Psychological evaluations may be made only with the informed and written consent of parents.

Psychological records of students are confidential. Written parental consent is required prior to the release of any such data.

Special Education Services

Student’s kindergarten age through age 21 living in the district that have been evaluated by qualified educational and/or medical personnel and found eligible for services or programs for students with disabilities shall be provided a free appropriate public education (FAPE).

The related services and educational programs provided are designed to meet the needs as specified by the student’s Individualized Education Program (IEP).

When appropriate, students with disabilities are educated with students without disabilities. Special placements or separate schooling is provided only when the nature of the disability prevents some educational benefit in the regular classroom or affects the health or safety of the student or others.
Placements are made by the building’s IEP team, which consists of the student’s parent(s); one regular education teacher, if the student is participating in the regular education program, or, if the student does not have a regular education teacher, a teacher qualified to teach a student the same age; the student’s special education teacher or a special education provider; a representative of the district; an individual, who may be another member of the team, who is knowledgeable about the student’s disability and who can interpret the instructional implications of the evaluation results; the student, when appropriate, and other individuals who have knowledge or special expertise regarding the student, at the discretion of the parent or district; and other agency representative as provided by law.

Teachers with questions regarding the referral and placement process should contact a special education staff member.

All teachers are expected to work cooperatively with special education staff to modify curriculum, instructional strategies and grading as necessary to meet the needs of a student’s IEP.

Student Independent Study Program

Independent study may be applicable to graduation only if such study is undertaken from an accredited institution. Courses/classes must be pre-approved by the principal if intended for purposes of meeting graduation requirements.

All expenses involved in study under this policy shall be born by the student, unless the Board approves tuition reimbursement for the student.

Talented and Gifted Programs (TAG)

The district has developed a written plan for the identification of (screened in 4th and 7th grade) and provision of programs and service for academically talented and/or intellectually gifted students.

Identified students must score at or above the 97th percentile on selected nationally standardized tests. Additionally, talented and gifted students from special populations such as ethnic minorities, the economically disadvantaged, the culturally different, the underachieving gifted and students with disabilities may also be identified.

Each teacher will receive a list of identified talented and gifted students assigned to his/her classroom. Teachers are expected to modify curriculum, instructional strategies and grading, as may be necessary, to meet the needs of identified students.

The district has established an appeals process for parents to utilize if they are dissatisfied with the identification process and/or placement of their student in the district’s program and who wish to request reconsideration. A complaint procedure has also been developed for parents to resolve
disputes regarding the appropriateness of programs and services provided to talented and gifted students. Staff should refer parents with questions to the principal.

Title I Programs

In order to help meet the needs of disadvantaged students, the district participates in Title I federally-funded programs that provide basic skills instructional services for educationally disadvantaged students in grades K-6 and who live in targeted low-income areas. Students identified in need of Title I services are provided instruction on a daily schedule, as appropriate. Title I staff will meet with individual teachers regarding scheduled instruction.

Children with disabilities and Limited English Proficient children are eligible for Title I-A services on the same basis as other children who are selected for services.

Teachers with questions or concerns regarding student placement or scheduling in this program should contact Tim Larkin, the Title 1 Director.
